Take turns with a friend drawing a straight line between any two black dots to make a square. If the line you draw completes a square, put your initials in it and take another turn. Count 3 points for squares with Jack Sparrow, 2 points for squares with Jack's Compass, and 1 point for each square with your initials. Beware of the crabs and subtract 3 points for squares with them. When all of the dots have been connected, the player with more points wins.
